Re: Tod and Teresa Alstad,
Insurance Agent and Brokers
Provider and Administrator of Pacific Safety Products Inc.'s Employee Group Benefits
plan

I am pleased to write this letter as an endorsement of the services provided by Tod and Teresa Alstad as the Great West Life Employee Group Benefits provider and administrator for Pacific Safety Products Inc.

PSP is a publicly traded manufacturing company with approximately 260 employees in three locations – Kelowna, BC; Arnprior, ON and Dover, Tennessee.

Since partnering with PSP in August 2006, the Alstad's have provided PSP with excellent service. This excellence is demonstrated by their frequent visits to the Kelowna and Arnprior facilities to meet with each employee and their responsiveness when dealing with queries and other Benefits issues.

I am confident in recommending the Alstads as a positive addition to any company looking for benefits administration.

Yours truly,

A handwritten signature in black ink, appearing to read "Valerie Dougans". The signature is written in a cursive, flowing style.

Valerie Dougans – CFO and Corporate Secretary
Pacific Safety Products Inc.
Kelowna, BC
